First Tellurium Announces Increase to Non-Brokered Private Placement; Closes First Tranche

Vancouver, BC, Canada, October 15 2021 – First Tellurium Corp. (CSE: FTEL) (the “Company” or “First Tellurium”), announces that further to its press release of October 4, 2021, it is increasing its non-brokered private placement (the “Offering”) such that it proposes to now raise up to \$2,000,000 through the sale of up to 25,000,000 units at a price of \$0.08/unit. Each unit consists of one common share and one common share purchase warrant exercisable at \$0.12 per warrant share for a period of two years from the date of issue of such warrants. The Company may pay a finder’s fee consisting of cash, shares and/or warrants to eligible finders as permitted under applicable securities laws and CSE policies. Proceeds from this Offering will be used for exploration programs on the Company’s properties, to pay outstanding accounts payable and for unallocated working capital.

1st Tranche Close

First Tellurium also announces that it has closed the first tranche (the “First Tranche”) of this Offering. Under the First Tranche, the Company has issued 5,825,000 units for gross proceeds of \$466,000. No commissions or finder’s fees were paid in connection with the First Tranche closing.

All securities issued under this First Tranche closing are subject to a hold period expiring February 16, 2022, in accordance with applicable securities laws and the policies of the CSE.

This news release does not constitute an offer to sell or a solicitation of an offer to buy any of the securities in the United States of America. The securities have not been and will not be registered under the United States Securities Act of 1933 (the “1933 Act”) or any state securities laws and may not be offered or sold within the United States or to U.S. Persons (as defined in the 1933 Act) unless registered under the 1933 Act and applicable state securities laws, or an exemption from such registration is available.

About First Tellurium Corp.

First Tellurium’s unique business model is to generate revenue and value through mineral discovery, project development, project generation and cooperative access to untapped mineral regions in Indigenous territory with sustainable exploration.

Our polymetallic (tellurium, gold, silver copper, tungsten) Deer Horn Project in British Columbia and Klondike tellurium-gold property in Colorado anchor a diversified search for metals, working in alliance with Indigenous peoples, NGOs, governments and leading metals buyers. This is the future of mineral exploration: generating revenue by exploring responsibly and leveraging diverse partnerships.

First Tellurium proudly adheres to and supports the principles and rights set out in the United Nations Declaration on the Rights of Indigenous Peoples and in particular the fundamental proposition of free, prior and informed consent.
